## **Concert Train – Nitty Gritty Dirt Band**

On June 28<sup>th</sup> we were greeted with a gorgeous Saturday morning. We started our trip with breakfast at Max's in Colorado City. A scenic drive over La Veta pass to Fort Garland brought us to the train depot. Once on board the train it was just over an hour before we were at 9000 feet in Fir, where the concert stage is located. The Nitty Gritty Dirt band did not disappoint anyone. They played all of their well-known songs. A bonus was when we got to meet the band on the train ride back down to Fort Garland. We stopped for dinner in La Veta at the La Veta Loco restaurant for some excellent food out on their patio. It was a long day, but very enjoyable, lots of memories.

### **Egg Plant Pizza**

#### **You'll need:**

1 eggplant, sliced

½ cup pizza sauce

½ cup mozzarella cheese

½ tsp each salt and pepper

2 tsp olive oil for brushing  
toppings as needed

Slice the eggplant and sprinkle with some salt on each side. Set aside for thirty minutes, then rinse and pat dry. This will take some of the bitterness out of the eggplant, especially if you're using larger/older fruit.

Preheat your oven to 425 degrees. Brush each side of the eggplant slices with olive oil, then sprinkle both sides with the salt and pepper. Place the eggplants on a cooling rack that's on a baking sheet, and bake until they are softened and a little brown, about six minutes.

Spoon the tomato sauce on the eggplant slices, then add the cheese and toppings. I'm sure you know how to make pizza! Our favorite toppings are black olives, mushrooms, and pepperoni.

Return the baking sheet to the oven and bake for another five minutes, until the cheese is melted. Go ahead and broil it for a minute if you'd like some extra crispy toppings.

That's it!

## *Southern Colorado Corvette Club 2014 Good Times*

### *President's Corner*

*We had a very busy and fun month of June. It was great to see so many club members participating in the activities. One of the highlights was showing the folks from the Vegas Valley Vettes club some great Pueblo hospitality. We also introduced them to the hometown favorite "the world famous "slopper". I received an email from them after they got home and they said they had a great time visiting Pueblo and they are still talking about those sloppers!*

*We recently placed an order with a company that makes windshield banners for Corvettes, that have our club name and logo on them. Twenty two member's cars will be sporting these great looking banners. We plan to use them when we are in parades or at special events. They should be arriving in mid July.*

*Our clubs by laws were amended in June to include the new membership classification of "enthusiast". This classification provides for membership to people who do not own a Corvette. They will pay dues the same as other members, but will not be able to compete for NCCC points, vote, or hold an office. We have with this change eliminated the "associate" member classification and made our by laws align with those of the NCCC.*

*We have some fun trips planned during August, so I hope to see you at one or all of them.*

*Save the Wave,  
Dennis*
