WAYNE AND JUDY STADLER

Wayne and Judy Stadler have been married 35 years and are originally from Michigan where Wayne worked for Buick and Judy sold real estate. In 1976 with five children, they moved to Pueblo West which had a community of about 3500 people. Wayne went to work at the Test Center which is the only testing facility in America to test trains and their components. He retired from there at the age of 58. Judy worked there for 17 years before going back into real estate 13 years ago. Last year, she opened her own real estate company, 5 Star Realty.

Wayne and Judy are the proud parents of five children, twenty grandchildren, and two great grandchildren. They enjoy traveling together. Wayne loves to hunt, and Judy enjoys working on genealogy.

They bought their 2004 bright yellow corvette with a black convertible top last July as an early birthday present for Judy. The very first corvette to ever run off the assembly line was built in their home town of Flint, Michigan. It has always been a desire to own one, and now that dream has come true.

Trivia #1

The ???? was the 1st Corvette to use a 4 speed automatic transmission?

RMMCC RECAP

1st things 1st – HUGE thanks to TODD FREDERICK

Todd put his blood, sweat and tears into the planning of this car show for the last six months.

Due to Todd's wonderful work, the SC3 will net a pretty good profit from an awesome car show.

Thanks also goes out to all the volunteers that showed up at, OUCH, 6:00 A.M. to do the various tasks that were needed to make the RMMCC a smooth running event.

Trivia #2

The ???? Corvette was the last Corvette to run the exhaust through the bumper?

Here is a recap of our winners for the show.

Holly dot dinner night, June 19

Bill & Sally Kenney have put together a Drive 'N Dine to Hollydot Golf Course in Colorado City for Friday, June 19. We'll leave the Dog Track at I-25 & Pueblo Blvd (actually it's at Lake Ave & Pueblo Blvd) at 6:30 PM.

Last year we drove out the regulars with all our laughter and great fun, bet we can do it again! The food is great and the company is a hoot! We'll be done around 9:00. Or so.

Trivia #3

In what year did the horsepower ratings change from SAE Gross to SAE Net?

Trivia #4

The Vette's monster engine, the L-88 from 67 – 69 boasted well over 550 horsepower. What horsepower rating did Chevy claim for this motor for insurance purposes?

MISSOURI DAY (Fowler Parade)
Saturday, July 11th

We will gather at the Valustay Motel (old Tropics Motel) 2201 North Hudson Ave., at 8:30 AM and leave for Fowler at 8:45. The motel is in Belmont - Take the Hwy 50 bypass exit off I-25 (Exit 100A, you can only go to the west), first stop light and just to the right.

The parade starts at 10:00 and we must register by 9:30.

Cars don't need to be decorated, but for sure bring LOTS of candy to toss to kids of all ages!

There will be food and craft vendors at the park where the parade ends and we have had a lot of fun with time together to go find really good food and come back and sit under shade trees and eat together.

Bring lawn chairs or just blankets as there won't likely be tables available. This is a perfect low-key, low-pressure way to enjoy your car, club friends and, as Monte Python said, "And now, for something completely different"!
